

Sensational Kids is moving to a  
new building

Sensational Kids is moving to a new building.

I have been to the Sensational Kids building in Moonee Ponds. It looks like this:

The new Sensational Kids building is in Kensington. The front looks like this:

The side looks like this:

There is a carpark and a back entrance through here:

The back entrance has no stairs.

I might drive a new way to get to the new Sensational Kids building. Here it is on a map:

My Sensational Kids helpers will tell my Mum or Dad when the new building is open.

My Mum or Dad can show me on a calendar when it is my turn to see the new building.

In the new Sensational Kids building, there will be some people I know.

There might be some new people, too. They might be helping other kids. They might be doing some building or fixing.

In the new Sensational Kids building, there will be some things I have seen before, like:

Inside the new Sensational Kids building might look a bit like this:

I will go to the new Sensational Kids building soon to see my Sensational Kids helper.

I can talk to my Mum or Dad or my Sensational Kids helper about the new Sensational Kids building.
